

## **MANUFACTURER'S CERTIFICATION STATEMENT**

This statement shall serve as verification that all series and models of windows that NEWPRO Manufacturing fabricates are eligible for the Internal Revenue Service Tax Credits identified in the American Recovery and Reinvestment Act (ARRA) of 2009.

ENERGY STAR® has published tax related interpretations of the ARRA of 2009 for windows and doors on their web site.

NEWPRO Manufacturing windows are an Eligible Building Envelope Component and all models meet both the minimum U-Factor and Solar Heat Gain Coefficient (SHGC) of at or below .30. Therefore, these products qualify for the ARRA 2009 Tax Credits. Look for the ENERGY STAR® / National Fenestration Rating Council (NFRC) label affixed to your new products. Your window has been manufactured with the U-Value and SHGC values as stated on the NFRC label.

For tax purposes, homeowners are advised to keep their purchase receipt(s), **remove and retain** the ENERGY STAR® / National Fenestration Rating Council (NFRC) window labeling from all products **and** this Manufacturer's Certification Statement. The IRS Notice 2006-26 suggests that the taxpayer is not required to attach this Manufacturers Certification Statement or the labels, to their tax return. However, you may be required by the IRS to provide the above documents as proof that your NEWPRO Manufacturing windows meet the ENERGY STAR® requirements for the Tax Credit.

There may also be additional requirements and limitations on claiming tax credits pursuant to IRC § 25C that are not contained in this Statement. This Statement only certifies that all NEWPRO Manufacturing windows qualify for tax credits as Eligible Building Envelope Components. This Statement does not certify the amount of tax credits that a taxpayer may receive or that individual taxpayers meet all requirements necessary to obtain such tax credits. NEWPRO Manufacturing is not responsible or liable for the taxpayer's ability to receive tax credits.

Under penalties of perjury, I declare that I have examined this certification statement and to the best of my knowledge and belief, the facts are true, correct and complete.

**Jenny Christensen**

Jenny Christensen, Vice President  
Newpro Manufacturing
