NEWPRO goes to great lengths to bring beauty and energy efficiency to your home...

NEWPRO's insulated siding will stay on your home in winds up to 240 mph!

Introducing NEW England's finest Siding from NEWPRO – an insulated siding system available in a 25'6" panel for a virtually seamless appearance on your home. This is more than twice as long as standard 12' panels. NEWPRO's super long length panel keeps seams to a minimum adding aesthetic appeal, shorter installation time and reduces waste. Available in 21 beautiful designer colors, you can choose from our premium deep colors, classic palette or traditional lighter hues. NEWPRO siding offers improved energy efficiency and stands up to the toughest New England weather conditions. Create your dream home and be the envy of all your neighbors!

Insulated siding for a more energy efficient home.

*Federal Energy Tax Credit Expires 12/31/2011. Applies to Field-applied Fullback® siding insulation products up to \$500. NEWPRO is not a tax advisor-see the advice of your tax preparer. See a NEWPRO product specialist for details.

Dear Homeowner,

It's that time of year when our lives start to get really busy as we prepare for the holiday season ahead. Before it gets too busy, on behalf of everyone at NEWPRO, we would like to take a moment wish everyone a happy and healthy holiday season ahead. One thing we know today that is truer than ever, word of mouth is so much more powerful with online review sites and other online social media tools. We realize that there is another step in the purchase decision for consumers today and there are so many more resources. What makes NEWPRO stand out above the rest is our customer loyalty which is evident amongst those online resources and tools. All the kind words and recognition of our products and services are key components to our continued growth and success.

Please take a few moments to review the special end of season limited time savings you will find throughout our holiday edition newsletter and feel free to share them with a friend or two – just our way of saying thank you for considering NEWPRO.

As active second and third generation owners of the company, our phone lines are always open to your feedback. Feel free to contact us, we'd love to hear from you. Enjoy the season!

Warm regards,

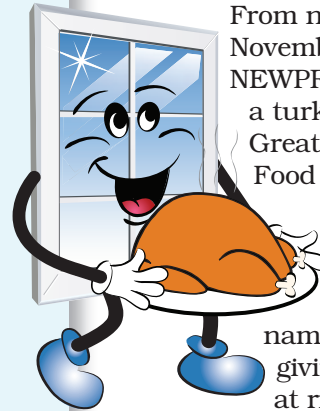

Nicholas & Anthony Cogliani

Turkey Time!

Help our New England neighbors in need have a hunger free Thanksgiving this year.

From now until November 30, NEWPRO will donate a turkey to The Greater Boston Food Bank for every NEWPRO order.

The turkeys will be donated in our customer's names as our way of giving back to people at risk of hunger.

Your order will help us help the Greater Boston Food Bank reach their goal of distributing 40,000 turkeys this season.

Above: Monday 5pm. Remodel your bath in just one day with BathWraps by NEWPRO.

Monday 9am

Replace your bath with luxurious jetted walk-in tub.

5 signs it's time to remodel your bathroom

(excerpt from the 2nd edition consumer guide remodeling your bathroom)

1. Things start to go wrong!

All bathrooms are prone to everyday wear and tear, but when your caulk keeps turning black, your grout starts falling out, things begin to yellow or mildew develops on the walls or ceiling, it's time!

2. Your bathroom is hopelessly outdated.

Retro is a current fad but the avocado green and harvest gold of the 70s are better suited for the teenagers' bedding, not bathroom fixtures. Replacing outdated fixtures with new, neutral colored ones allows you to change your look often by simply replacing bath coordinates.

3. You're thinking of resale value.

Updating the bathroom adds value to your home, so much that the project may pay for itself. The bathroom and kitchen are the first things most buyers look at since they're seen as expensive to remodel. If given the choice, most buy homes with updated kitchens and baths.

4. Your needs have changed.

Marriage, the arrival of a baby, or parents moving into the home all have significant impacts on bathroom needs. Additional people need more storage and older adults may find it difficult to enter and exit a bathtub safely.

5. Your bathroom is not your style.

If there's nothing distinctive about your bathroom or the details just don't reflect your style, change things. Your bathroom should reflect your personality and style. You can make a big impact on your bathroom with a few key style changes.
